

FEEL GOOD DENTISTRY FUNDRAISING VISION

Ash Parmar's passion to raise at least £20,000 in six months to help children in need both locally and in India, his spiritual home, continues.

Christine Baker reports that following a powerhouse meeting of people who have signed up to support Ash over £10,000 has already been raised. A plan of action has been created to include events, celebrations and match funding. Also, courtesy of BT, a free mydonate giving page has now been set up so it's very easy to show support for the project.

Here is just a snapshot of work going on at **Haven House Children's Hospice** in Woodford Green. It supports families and cares for children and young people with life-limiting and

life-threatening conditions across North and North East London, West Essex and East Hertfordshire. www.havenhouse.org.uk

When Isabella was born her mum, Maria, was told it would be a miracle she would survive the night. She was born with hypoplastic left-heart syndrome (a birth defect that affects normal blood flow through the heart) and was incredibly ill.

Against the odds and after countless operations and hospital visits, Isabella has just turned 13. Unfortunately, she is unlikely to live past her teenage years. It has

been really hard for Maria to accept that her beautiful girl is terminally ill. However, she has had the support of Haven House since Isabella was 11 months old.

Maria said: "Without Haven House I'm not sure we would have made it this far. The amazing staff have helped us through some very tough periods and with their help, I have found the strength to give Isabella the best possible life for however long that may be. I know that when the time comes to say goodbye, Haven House will be there to support the whole family as long as we need it. You cannot overestimate how much that means to me." Isabella has had the best life she can because of Haven House. Thanks to your kind donation, she'll continue to get the very most she can from life.

Food for Life Vrindavan (FFLV) www.fflvindavan.org, established in 1990, is based in the holy city of Vrindavan, two hours away from Delhi and provides education, food distribution, medical services, social development, clothing and a better environment for the poorest of the poor. Ash says "I know we can do it and make a real difference to these children."
